50          <br />
51          Māori culture (Māori: Māoritanga) is the customs, cultural practices,
52          and beliefs of the indigenous Māori people of New Zealand. It
53          originated from, and is still part of, Eastern Polynesian culture.
54          Māori culture forms a distinctive part of New Zealand culture and, due
55          to a large diaspora and the incorporation of Māori motifs into popular
56          culture, it is found throughout the world. Within Māoridom, and to a
57          lesser extent throughout New Zealand as a whole, the word Māoritanga
```

```
58         is often used as an approximate synonym for Māori culture, the
59         Māori-language suffix -tanga being roughly equivalent to the
60         qualitative noun-ending -ness in English. Māoritanga has also been
61         translated as "Māori way of life.".
